We are manufacturers

En B.lux somos fabricantes de luminarias de diseño contemporáneo desde 1979. Nuestros productos se distribuyen en 65 países de los cinco continentes. Esta destacada presencia internacional es posible gracias al riguroso control de los procesos de fabricación y distribución del que gozan nuestras luminarias. Apostamos por las relaciones largas y duraderas basadas en la confianza entre fabricante y cliente. Nuestro éxito se fundamenta en un crecimiento pausado, sostenido en el tiempo, con pasos seguros. No hay secretos, sino el resultado natural de nuestra dedicación y talento de nuestro equipo para darte el mejor servicio.

In B.lux we are manufacturers of contemporary design lamps since 1979. Our products are distributed in 65 countries on five continents. This outstanding international presence is possible thanks to the rigorous control of the manufacturing and distribution processes to which we subject our luminaires, allowing them to meet and exceed the most demanding quality standards. We are committed to long-lasting relationships based on trust between manufacturer and customer. Our success is based on a slow growth, sustained over time, which advances with secure steps. There are no secrets – this is the natural result of our team's dedication and talent focused on offering the best service.

La colección Slim Skin se compone de una versión de suspensión vertical, una de suspensión horizontal y una de pared. Todas ellas tienen un diámetro de 4.7" y están disponibles en dos longitudes diferentes: 27.5" y 59".

Slim Skin se compone de un cilindro de vidrio (a elegir entre opalino o cristal transparente estriado) revestido de una malla metálica de acabado latón o negro que genera un efecto moaré, evitando así cualquier deslumbramiento y transmitiendo un gran confort visual.

The Slim Skin collection consists of a vertical suspension, a horizontal suspension, and a wall version. All of them have a diameter of 4.7" and are available in two different lengths: 27.5" and 59".

Slim Skin is composed of a glass cylinder (available in opal white or ribbed clear glass) coated with a metal mesh in brass or black finish. The metal mesh creates a moiré effect which avoids any glare and provides great visual comfort.

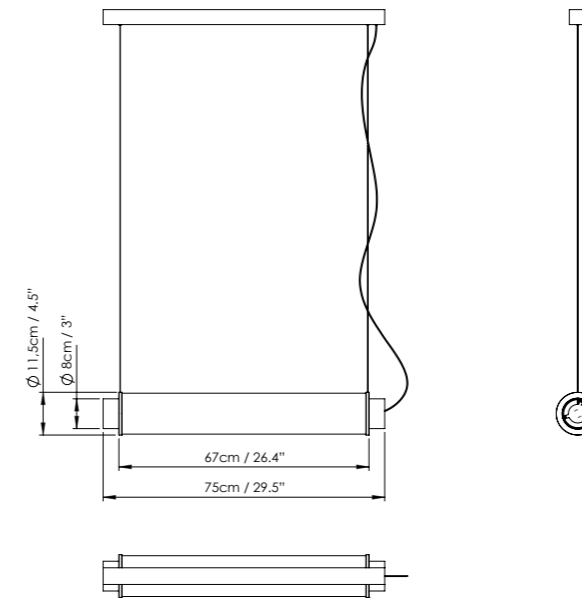

Un efecto moiré fino y elegante cuya
disposición genera un gran confort
lumínico sin afectar al flujo de luz.

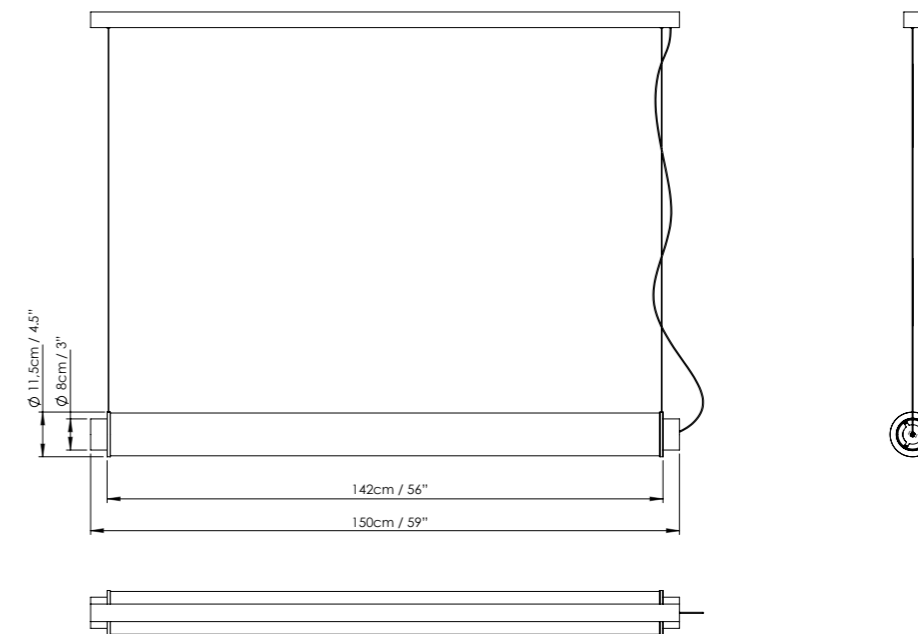

A fine and elegant moiré effect whose
arrangement generates great
lighting comfort without affecting
the light flow.
